

ADVENTURE PLAYGROUND UPDATE:
March 2014.

Ship Ahoy! Help us to float our boat!

Some years ago now, the old decommissioned fishing boat had to be removed from the school adventure playground for safety reasons. Parents, carers and friends of the school have been fund-raising ever since to provide something wonderful and new for the children to play on.

It has been a long, hard struggle to raise enough money to do this, because any new item of play equipment meeting the required safety standards must be manufactured and installed by a specialist company. We are pleased to announce that there is at last enough in the PTA piggybank to provide a fabulous new wooden playboat – complete with a slide, cargo nets and a sail shade!

But, while the money is there to meet the cost of the boat, we do need a final fund-raising push to raise enough to provide the bark safety surfacing that needs to be laid down around it. We would love to see the boat in place this spring, before any more children whose families have so generously worked towards its creation leave the school. **If we can raise the final £1,700 then we can order the boat before Easter.**

That's why we're asking for your help and support. If you haven't already bought your salsa night tickets, please do! If you can't come yourself, can you sell any to friends or family? We need the night to be a big success to buy both the boat and the safety surfacing this spring.

We are so near to reaching our target of £16,000, but we can't install the boat without the surfacing. Let's make it happen before summer!

With many thanks for your continued support,

Mawnan School PTA.
