

# Welcome to Year 6

Teacher; Mrs .H Williams  
Teaching Assistant; Susie Hutson

Your child is now entering their final year of primary school, this guide is to inform you about their life in year six as well as how we can work together to prepare them for secondary school.

## Secondary readiness

It is very important this year that children take responsibility for themselves and their belongings by; handing their homework in on time and having their PE kit in school on the correct day. They also need to have the correct equipment, especially if they are going on an out-of-school activity. Children will need to use their diaries to help them. Please could you ensure any letters home are shared with your children so they can write the date in their diaries and the equipment need for that day e.g. School trip, lunch, sun cream, coat.

**Diaries will be checked weekly to ensure they are being used.**

## Daily equipment list:

- *Diary (provided from home)*
- *Pencil case (provided from home)*
- Reading book and reading record
- Homework (on days requires)
- PE kit (on days required)
- Musical instruments (on days required)

## P.E Timetable: Tuesday and Wednesday

If children do not have their PE kit or part of it they will miss their playtime.

## Homework Timetable

Topic	Day Given	Hand in day
Spelling, times tables and creative writing	Friday	Monday Spelling and tables will be tested on following Friday
Grammar/spelling or Talking Homework, Education city	Wednesday	Friday Education city to be completed by the end of each half term.
Maths	Monday	Wednesday
Reading	Daily	

If homework is not handed in on time children will miss their playtime.

## Uniform

It is important that children wear the correct school uniform including PE Kit and don't accessorise. To encourage children to do this we are using the Penryn College system of behaviour management points.

## Behaviour management points

Children will be given behaviour management points for having incorrect uniform or leaving their daily equipment at school or at home. Three points will result in your child losing a playtime.

If you have any further questions regarding the changes your child will face in Year 6 please do not hesitate to ask.

Thank you for your support in this matter.
