30th January 2012.

Dear Parents,

Class 2 – On-line Reports

The year two reports were sent out without a supporting email saying what each grade meant, and what levels would be considered right for different age groups. We apologise for this.

For your information by the end of the Foundation Stage (yr R) it would be appropriate that a child would achieve at least a 6 in all subject areas.

A level of 1b would be appropriate for a child to achieve at the end of year 1.

A level of 2b would be appropriate for a child to achieve at the end of year 2.

A level of 2a or 3c would be appropriate for a child to achieve at the end of year 3.

A level of 3b would be appropriate for a child to achieve at the end of year 4.

A level of 3a or 4c would be appropriate for a child to achieve at the end of year 5.

A level of 4b would be appropriate for a child to achieve at the end of year 6.

A level 5 at the end of year 6 indicates above average performance.

Please be aware that, early in the year, Science will not show much improvement, if any, as only one area has been covered. It will therefore not necessarily be a true reflection of your child's level.

Yours faithfully,

Mr R. Brook,
Headteacher.
