

Please continue with your **daily reading**. Please ensure there is lots of discussion around all reading to ensure an understanding of vocabulary and a secure comprehension of the texts.

Please recorded the reading daily on **Boom Reader** so we can keep a record of how much your child has read, how they have read and to know if a book is completed so that it can be changed.

Reading	Please continue with your daily reading. Please ensure there is lots of discussion around all reading to ensure an understanding of vocabulary and a secure comprehension of the texts. Please recorded the reading daily on Boom Reader so we can keep a record of how much your child has read, how they have read and to know if a book is completed so that it can be changed.					
Week beginning:	08/09/25	15/09/25	22/09/25	29/09/25	06/10/25	13/10/25
Complete the activities on spellingshed.com We also go through these in class each week.	find kind mind behind	old gold told hold cold	because who any many	could should would	path past bath last fast	people every everybody
Maths	<u>Autumn 1 Booklet</u> Please practice the relevant section as listed on the front of the booklet. There are 3 sections per week to complete. The aim is to get all 40 questions complete and correct in 4 minutes. Please go through the answers with your child. If your child does not complete all 40 in the time given, it does not matter. This will improve each time and we will also be covering this in class. These questions can be answered orally or in a practical way if that is easier for your child to access!					
Expedition	All the following home learning activities are optional, please chose one or one per week (in any order) to enjoy! We would love to see your creativity and how you interpret each task. You are more than welcome to bring in anything you make to put up on our expedition display area.					
	Imagine you could interview one of the astronauts we have learnt about. What would you ask them? Write down your questions.	You have flown into space and have discovered a creature from another planet. Create a model of the creature.	Create a space mobile to hang in the classroom.	Create a drawing or painting of a space scene using materials of your choice.	Take a look at these facts about space and read them together.	Explore the activities at NASA for kids.
